- 1.2 (i) After the award of autonomy in March 2016, the freedom to create its own curriculum and syllabus in order to tackle the menace of rote learning, resting within the confines of the university regulations at the elementary years, is taken seriously by the institution. E-content development, addition of micromodules, inter –departmental tie-ups for quality enhancement, further promotion of the existing culture of research, strengthening of the self-financing stream and augmentation of the aided programmes in line with the stated aims and objectives upon the implementation of autonomy, are already initiated. Curriculum restructuring is reviewed by the Departments, Boards of Studies and the Academic Council. The syllabus – content is discussed and prepared by the department in view of the feedback from the various stakeholders. This is presented before the Boards of Studies which review it and also decide on the evaluation method and the panel of examiners. The decisions of the Board are approved by the Academic Council.

1.4 Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.

E-content development and addition of micro modules and inter – departmental tie-ups were initiated by departments in the first year of the implementation of autonomy. This is complying with the university regulation that no major changes to the curriculum and syllabi should be made in the initial year. The Boards of Studies and the Academic Council have met and discussed changes to be implemented from the next year onwards.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

A culture of continuous review and improvement underpins our approach at departmental, faculty and institutional level.

- Orientation Classes and Refresher classes are arranged for the faculty every year to plan the teaching / learning process
- The Departmental Diary given to every department in print format provides for recording the actual hour-by-hour work done by each faculty.
- The Institution analyses the feedback on teaching and learning obtained from different sections of stakeholders.
- Internal Academic Audit, monitored by the IQAC by means of stakeholder feedback, is an in-depth term-wise review led by departmental peers.
- IQAC team always monitors teaching-learning, observes and checks whether the faculty is making use of ICT teaching devices and whether enough e-content is developed and used in the classroom context.
- The college has introduced department-level appreciative peer review of learning and teaching.
- A highly confidential evaluation of the teacher is collected from the students by the Principal
- The assessment made by the Principal based on the student responses is invariably passed on to the teacher for improvement every year.

- Self – Appraisal report is collected from the faculty based on the criteria and norms formulated by the IQAC (Teacher Mirror).
- The ‘Teacher of the Year Award’ and the ‘Researcher of the Year Award’ are given by the CHF Pavanatma Educational Society after evaluating the performance of faculty.
- Post Entrance Test (PET), a mechanism to assess the skill and knowledge of the students at the entrance/admission stage after an immersion module (bridge course) is conducted every year.
- SC/ST, OBC, minority and economically backward students are given remedial coaching after class hours.
- Specific programmes are arranged for advanced/slow learners by the Academic Excellence Committee.
- Effective tutorial/mentoring of students is undertaken by the faculty.
- Faculty visit the houses of students under their mentorship, help them and provide facilities for improvement.
- Financially weak students are given help from the PTWA Fund or granted freeships and scholarships.
- WWS, Walk With Scholar, a Kerala Govt initiative is introduced to high performance students. SSP, Scholar Support Programme, an initiative to support the Low Performers is introduced.

4.2 Computerization of administration and library

Office and Libray are automated. Information about College and Library are available in the College Website. The administration wing of the college was renovated with separate built-in-cabins for the staff and equipped with computer and internet connectivity. Examination section and Bill-section are fully computerised. A separate Examination block has been set up in the wake of autonomy. All the departments are net-connected, and wi-fi facility is available in most of the campus. The following facilities are available in the campus for smoother administration: College Web-Portal, Electronic file system and automated workflow, Digitalised personal file, Payroll and software package, Student Database, E-mail accounts for students and employees, Smart classrooms and Smart teaching devices etc. Support staffs are provided software such as SPARK, encouraged to attend training programmes organised by KSHEC, DEC & the University.

Library Computerisation

The Central Library, the core Learning and Teaching Resource Centre of the college with **63331 books, 350 journals and 1300 CDs** supports teaching, learning and research across a wide range of all conceivable disciplines.

An increasing amount of resources are now available online, both on and off campus, including images and full-text journal articles. Enough number of computers with internet and reprographic facility help the students download or copy any required information.

The college also provides to all the faculty and students personal ID to gain access to the INFLIBNET N-List site that offers **605 e-books and 10000 e-journals** in full text form. This facility is a boon to the research scholars.

Access to the library is managed electronically by producing the smart card. Library is open for use from 7 a. m. to 7 p.m. Users can easily search and locate reading materials with the help of user friendly software. CCTV cameras installed ensure disciplined and effective use of the library. Part of our four year old Digital Library Initiative - the Digital Repository Service (DRS) - provides a set of professionally managed services to store, preserve, and provide access to digital objects over time.

A relevant online listing of websites of manuscripts, archives, rare books, historical photographs and other primary sources for research is available for the research scholars.

- The college provides computing facility to the staff, faculty and the students with its 224 computer systems and an equal number of allied accessories and internet connectivity. Its computer centre is of the Stand-alone kind, but LAN connected.

Wi-fi facility is available in some areas of the campus.

- The management is particular that the technological resources of the college must be upgraded to keep pace with the fast growing techniques in various fields of advanced education. With this end in view the administrative machinery of the college has been automated by this time. The Library of the college is also fully computer enabled. As more educational data are now available on CD's, CD Library has got to be stocked with more and more Disc recordings of educational wares. The college can boast of a wide variety of the state of the art audio visual teaching aids such as Overhead Projectors, Liquid Crystal Display Units, Educational Compact Discs and Cassettes in addition to a good number of Computers and Smart class rooms and Seminar Halls.

5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

The **Prospectus** of the college is prepared for UG and PG separately, updated every year and can be downloaded by the applicants along with the application forms. It contains the vision, mission, details of courses offered, eligibility, and facilities available which help the students to choose the desired course in this institution.

The Handbook is revised every year and distributed to every student, faculty and staff at the beginning of the academic year. It contains all the information required for the students for a smooth and effective college life.

UGC and institutional support is available to the college for organizing coaching classes for competitive exams and skill development (spoken English, computer literacy, coaching for Civil Service and NET etc.). Remedial coaching for slow learners is also provided by the college.

- Value Orientation & Education classes are conducted for all students on a regular basis.
- Special orientation is given to freshers regarding the proper use of library and other infrastructure & supportive facilities available.

- The college **Academic Excellence Cell** also has free appropriate special coaching and guidance schemes for **slow learners and advanced learners**.
- WWS (Walk With a Scholar) and SSP (Student Support Programme) under the auspices of DCE, govt. of Kerala, launched for providing additional, personalized assistance, the former to academically strong students and the latter to weak students.
- Visits and interactions with experts from relevant institutions, industry and corporate houses are conducted, internships in reputed institutions are offered every year for students of all departments as opportunities for higher experiential learning.
- Publication of the College Annual Magazine is a regular practice, funded by the combined effort of the management, faculty and students. In addition, every department publishes its own subject-related student manuscripts.
- IQAC also coordinates counselling services such as academic counselling, personal psycho-social counselling and career counselling. An effectively functioning Vocational & Enrichment Programmes, Value added courses, Grievance Redress Cell, Anti-Ragging Committee, Mentoring Tutorial System, Medical Aid, an on-campus Professional Counselling Centre-Darsana, the Innovative Programme – Faculty @ Students’ Homes, Student Welfare Scheme, We for Women Club etc. also come under the monitoring and supervision of the IQAC in its responsibility of students’ support and progression.

5.6 Details of student counselling and career guidance

a) Academic Counselling: The Departments educate the students on the academic system and rules that regulate their academic career and the many resources available to them on campus.

Guidance is provided by **HRD and Progression Support Cell** for special entrance coaching for examinations like nation-wide Central Universities' PG Admission Entrance Test, UGC NET JRF etc. The faculty of the Departments provide guidance to each student on a wide range of academic matters including assessments and examinations, choosing their core and complementary options and scholastic difficulties. After the **Post Entrance Test (PET)**, students are categorized as advanced learners, slow learners and average performers. Special counselling and guidance is

provided by the tutors to students of each category. Special cases which need expert care are directed to the counselling centre for psycho-social counselling.

b) Personal and Psycho-social Counselling: Our counselling programme is so designed as to support and assist students who have personal issues. Departments have faculty prepared to counsel students to resolve simple personal problems. If the faculty find the problem deep and complicated, the student is directed to **Darsana, the on campus full-time government sponsored counselling centre** manned by professionals. As a result, there occurs an increase in self-confidence, assertiveness, self-esteem, and stress management in students. The College recognizes that personality development, emotional wellness, and success in academic pursuits are closely intertwined. Hence these services are offered to all the students free of cost.

c) Career Counselling: The HRD Cell provides the students the counselling services such as career goal setting based on assessment of individual aptitudes, guidance on viable career options available and assistance in choosing the best career oriented educational enrichment programme. Various Career Guidance sessions for final year undergraduates and postgraduates, representing multifarious industries, were conducted in the college.

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

VISION

Women empowered and liberated through knowledge, for a brave new world of ideal families

MISSION

Creating an educational environment for the total development of young women, in this globalized e-world, through value based holistic instruction across a wide range of disciplines, and mainstreaming a gender perspective in the national development process

6.2 Does the Institution have a Management Information System

Information is generated by the Management prior to decision making from the stakeholders. Support systems, expert systems, planning & executive systems are also organized once decisions are taken. Evaluation of programme conduct and programme content is done every year, Suggestions are taken into consideration, grievances are redressed and improvements made.

The college management believes that education is the most effective route to the empowerment of women and development of families and the nation as a whole. Programmes and courses offered by the college are chosen accordingly. The college authorities have always encouraged a culture of participative management which includes Management, Principal, Principal's Council, HODs, Faculty, Staff, Student Union, PTWA and Alumnae.

The following measures are undertaken for the effective planning and implementation of policies in this institution:

- Governing Council meetings held at the beginning of every semester to assess the faculty requirement, development needs etc.
- Daily meetings of the Principal's Council, to ensure that daily operations are carried out according to the set plans
- Weekly meetings of the Heads of Departments, to plan pin pointedly the activities of the week ahead
- Faculty Meetings at the end of every month to evaluate the month's activities against set targets and to plan for the month ahead
- Regular committee meetings for the implementation of strategic plan modules
- IQAC Core committee meetings with Principal, Heads of departments and the faculty at regular intervals to ensure and evaluate quality sustenance and enhancement programmes
- Dissemination of information to student body, implementation of plans and collection of feedback through class representatives

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The curriculum design and development is implemented incorporating the vision and mission of the institution. The intellectual and moral tasks envisaged by the founders and reflected in the College Coat of Arms and the motto on the crest are also kept in mind in designing and developing the curriculum. The academic autonomy obtained in March 2016 has resulted in flexibility and freedom in the development of curriculum in line with the institution's objectives of enlightenment and illumination of heart and mind to dispel the darkness of ignorance and evil.

Until the award of autonomy, the freedom of the college to shape its curriculum was curtailed by university stipulations. Even then, the curriculum was augmented by several unaided unaffiliated add –on courses aimed at vocationalizing and enriching the conventional degree programs, by various departments.

A Higher Focus Course (HFC), a program administered over the entire period of the bachelor degree, a package of multiple skills ranging from two and four – wheel driving to value and spirituality classes, is also offered as a mandatory program. All of the above are still ongoing.

After the conferment of autonomy, the processes followed in the design and development of the curriculum are as follows:

- Feedback was collected from the alumnae in the higher echelons of the society, from the industry-representatives, from resource person educationists, from students, PTWA and faculty, regarding the existing curricula and the possible up-gradation required.
- The curricula of the established autonomous colleges are studied.
- Guidelines of the UGC are followed in curriculum development.
- Departments are asked to submit their suggestions for curricular redesign & development. This is subjected to the review of Boards of Studies. The curricula recommended by the Board of Studies is placed in the Academic Council.
- The Academic Council- approved curriculum is submitted to the affiliating university for ratification. The ratified curricula is then implemented.
- The institution fosters a collaborative network with all beneficiaries, such as experts from industry, research bodies and civil society, in the curriculum design and development processes. Their presence in the Boards of Studies and the Academic Council contributes significantly to the reframing of syllabi.

All these aspects are given due consideration in the designing and developing of the curriculum. The institution believes that the objective of the higher education system is to provide enhanced opportunities to the students for progression into job placements and research, while cultivating a spirit of innovation.

6.3.2 Teaching and Learning

The college plans and organizes the teaching, learning and evaluation schedules in the following manner:

- The Academic calendar of Calicut University (June to March) is strictly followed in the college for the non - autonomous. At the beginning of the academic session, year plan of every department, based on that of the university's, is prepared by the departments and after IQAC scrutiny, a compilation of these plans is brought out in a printed book format and distributed among the staff and students for strict compliance.
- The Academic diaries maintained by the faculty ensure compliance of the academic plans by them and the diaries are assessed by Heads of Departments every week.
- At the beginning of the academic year the Principal convenes a faculty meeting to draw an annual blue-print of the college events and activities and this is positively implemented by the concerned committees entrusted with such responsibilities.
- Our Learning and Teaching Plans during the period 2016-17 were in alignment with the key objectives of the college for the period, so that the faculty are able to achieve excellence in teaching outcome. It has been built upon the success of the earlier plan in the following ways:
 - * Changes in teaching modes introducing ICT in a large measure
 - * Use of digital class room, e-content, virtual lab
- Responsibility of implementing, monitoring and reviewing the academic plan is vested in the Academic Excellence Committee with the IQAC support.
- Micromodules are added on to supplement the syllabi in the first year of the implementation of autonomy

6.3.3 Examination and Evaluation

The college adopts the following measures to ensure that all the stakeholders are aware of the evaluation processes that are operative here:-

- ❖ For students of the non-autonomous stream, evaluation details are made known through announcements made by the university in advance, whenever the system undergoes a change.
- ❖ For students of the autonomous stream, as well as for those of the non –autonomous stream, information is available in the college Handbook – Calendar issued to every student regarding the evaluation process and examination schedule

- ❖ Every class teacher briefs the student regarding the steps and grades involved in the internal assessment which is also available in the Handbook-Calendar
- ❖ Timely notifications are also made in the examination Notice-Boards about the evaluation process
- ❖ In the annual PTWA meet, and in the induction program of freshers the process to explained to the parents/guardians /well wishers and new students. Any clarifications required by the PTW are given in the class-wise PTA meets held every semester
- ❖ Examination manual is given to all departments

Other than the university examination (for non-autonomous students), and the mid-sem and end-sem examinations (for the autonomous students), class tests, practical examinations, assignments & seminar presentations are also evaluated for awarding internal marks. Attendance is also a criterion for the award of internal assessment marks.

Until the award of autonomy in March 2016, the college was strictly adhering to the system and schedule of the affiliating Calicut university. After the grant of academic autonomy, the institution has exercised the liberty to reframe the evaluation process in order to make it more efficient. The following are the measure taken for the same:-

- ❖ Centralized conduct of examination (both internal and external) under an internal Controller of Examinations
- ❖ Internal assessment grades (attendance + tests + assignment + seminars) published by every department
- ❖ Valued answer scripts made available to students for verification, and collected with students signature stored as document
- ❖ For the end-sem examination five sets of question papers invited from a panel of setters approved by the respective Board of Studies
- ❖ The question paper to be used is selected by the COE.
- ❖ Centralized valuation camp held in the college with faculty as examiners from other institutions as well
- ❖ Results are made available in the college website
- ❖ Students may, if needed, apply for scrutiny / revaluation /photocopy of answer scripts at a stipulated fee.

The average time taken by the College for the declaration of the results of end semester examination is 45 days and of internal examinations is 10 days from the date of the last examination. The results are published in the College website and made available in the student's portal. For the non-autonomous batches, the affiliating university decides the schedule for publication of results.

Being in the infancy of autonomy, the College is developing an integrated examination platform which meticulously addresses all the pre-examination, examination and post-

examination processes. The examination related activities are taken care of partly by manual methods and partly by computerized process.

6.3.4 Research and Development

- A Research Monitoring Committee is constituted.
- The institution has the policy of promoting and ensuring smooth progress/implementation of higher research by ensuring that the faculty members are sanctioned leave under FIP.
- In addition faculty have been undergoing PhD studies on part time basis. Such faculty were granted leave for completion of research, on request.
- Assistance is also provided for the conduct of seminars and workshops, and implementation of Projects.
- The R & D cell, GRACE, oversees and guides the research activities of the college such as Projects, Seminars, Workshops, Journal-Publications, Paper Publications etc.
- Autonomy is accorded to the Principal Investigator and funds transferred as and when released.
- College subscribes to 7 national and 13 International Journals and publishes an international research journal VISTAS, and journals of the departments.
- Student manuscripts are published by most of the departments.
- Publications by faculty scholars and project reports and Ph.D. theses are exhibited in the college library
- Academic Consultancy and Extension is given stress.

6.3.5 Library, ICT and physical infrastructure / instrumentation

The library is the heart and treasure house of knowledge and information and it is an essential and integral component of this institution. St.Joseph's College library is reputed as an excellent one which houses **63331 books, 350 journals and periodicals, 1300 CDs** and cassettes. It has INFLIBNET (N-List) facility for accessing **605 e- books and 10000 e-journals**.

- The very entry into the open-access library is regulated by a sensor identified e-card issued to every student. Advanced Computer aided search enables author-based, subject-based, title-based and publisher-based search facilities. All the following facilities are available at the library:

OPAC: On-line Public Access system is in operation in the library.

Electronic Resource management Package used: N-List of INFLIBNET

1.	Open Merit, Physically Handicapped and Sports	50
2.	SC/ST Reservation	20
3.	Community Reservation	10
4.	Management Quota Reservation	20

ii) PG Admissions: The key criterion for admission to general courses is the percentage of marks obtained in the relevant subject at the qualifying degree examinations. University has fixed a minimum percentage of marks for admission to PG programmes with usual relaxations for backward class students. Due weightage is, however, given to students who have served in NCC/NSS or have won laurels in the University level arts and sports meets. The selection process is similar to that of UG.

However, admission to certain PG programmes for which qualifying degree is multidisciplinary, is governed by the scores obtained by the candidates in the Entrance Examination and/or group discussion conducted by the University. This college has the following programmes coming under this category:

Programmes which Require Entrance Test

Sl.No	Details of Quota	Percentage
1.	Master of Social Work (MSW)	20
2.	Master of Mass Communication and Journalism (MCJ)	15
3.	Master of Science (Cyber Security)	20
4.	Master of Science (Biotechnology)	20

- * Due weightage is given to students who have served in NSS/NCC or won in the University /State/National/ International level in fine arts and sports and to the differently abled students.
- * Admission under management quota is controlled by a committee appointed by the management for this purpose. Academic merit of the students is ensured by fixing a minimum percentage of, marks for consideration for admission. Financially and socially backward students are given utmost consideration.
- * Men students are considered only for Doctoral Research.

iii) Ph.D Programs

The eligibility criteria for admission to Ph.D. programs are :

- UGC/CSIR/JRF/GATE/Ph.D. Inspire fellowship
- Or
- Clearing the common Entrance Admission conducted by affiliating university

Candidates who satisfy either of the above norms have to submit a research proposal to be scrutinized by a six-member Doctoral Committee comprising a Nominee of the Vice chancellor, an External Expert, the supervising teacher, and two Ph.D guides from the college as members, with the Principal as chairman.

	(for Autonomus stream)	(for non-Autonomus)
For PG Programmes	Yes <input checked="" type="checkbox"/>	No <input checked="" type="checkbox"/>
	(for Autonomus stream)	(for non-Autonomus)

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

- The system of internal assessment for UG being practised in this institution under University guidelines since 2010 provides for continuous student-assessment by their teachers in the prescribed curriculum, knowledge, communication skills, attendance and interest and progress in a five point scale of letter grades (A,B,C,D and E) formulated by the University.
- The internal evaluation is based on predetermined transparent system involving periodic written tests, assignments, seminars and attendance in respect of theory courses and based on written tests, lab skill/records/viva and attendance in respect of practical courses.
- To ensure transparency of the evaluation process, the internal assessment grade awarded to the students in each course in a semester is published on the notice board at least one week before the commencement of external examination. There is no chance for improving the internal grades. Each student is asked to verify her internal marks and acknowledge it. If they have any grievance, they can immediately approach the Head of the Department or the Principal and seek redress.
- The course teacher maintains the academic record of each student on the programme-rolls and these records are forwarded to the University (through the college Principal) to reach them on or before dates specified by the Controller of Examinations before each semester examination. Internal Assessment marks are shown separately in the mark-sheet issued by the University and these marks are added to the semester examination marks by the University for determining the grade of the student.
- The College has in place a Departmental Grievance Redress Cell (GRC) comprising two senior teachers as members, and the Head of the Department as Chairman. The Committee addresses all grievances relating to the internal assessment grades of the students.
- A college level Grievance Redress Committee also functions round the year to hear and decide on appeals from or against the department level GRC.
- Online Examinations are conducted for Post Entrance Test (PET)
- Online registration of examination form and uploading of semester examinations results are in practice.

The college adopts the following measures to ensure that all the stakeholders are aware of the evaluation processes that are operative here:-

- ❖ For students of the non-autonomous stream, evaluation details are made known through announcements made by the university in advance, whenever the system undergoes a change
- ❖ For students of the autonomous stream, as well as for those of the non –autonomous stream, information is available in the college Handbook – Calendar issued to every student regarding the evaluation process and examination schedule

- ❖ Every class teacher briefs the student regarding the steps and grades involved in the internal assessment which is also available in the Handbook-Calendar
- ❖ Timely notifications are also made in the examination Notice – Boards about the evaluation process
- ❖ In the annual PTWA meet, and in the induction program of freshers the process is explained to the parents/guardians /well wishers and new students. Any clarifications required by the PTW are given in the class-wise PTA meets held every semester.
- ❖ Examination manual is given to all departments.

Other than the university examination (for non-autonomous students), and the mid-sem and end-sem examinations (for the autonomous students), class tests, practical examinations, assignments & seminar presentations are also evaluated for awarding internal marks. Attendance is also a criterion for the award of internal assessment marks.

Until the award of autonomy in March 2016, the college was strictly adhering to the system and schedule of the affiliating Calicut University. After the grant of academic autonomy, the institution has exercised the liberty to reframe the evaluation process in order to make it more efficient. The following are the measure taken for the same:-

- ❖ Centralized conduct of examination (both internal and external) under an internal Controller of Examinations.
- ❖ Internal assessment grades (attendance + tests + assignment + seminars) published by every department.
- ❖ Valued answer scripts made available to students for verification, and collected with students signature stored as document.
- ❖ For the end-sem examination five sets of question papers invited from a panel of setters approved by the respective Board of Studies
- ❖ The question paper to be used is selected by the Controller of Examinations.
- ❖ Centralized valuation camp held in the college with faculty as examiners from other institutions as well
- ❖ Results are made available in the college website
- ❖ Students may , if needed, apply for scrutiny / revaluation /photocopy of answer scripts at a stipulated fee.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

- Autonomy is granted to the College in March 2016
- Autonomy is implemented from June 2016 onwards
- CPE is awarded to the college in April 2016
- Formal declaration ceremony of the conferment of autonomy held on 14th July
- Autonomy Statutory and non-Statutory committees constituted in early June 2016

- Meetings of Governing Council, Finance Committee, Academic Council and Boards of Studies held as per the regulations specified
- Autonomy committees include University nominees
- Syllabus will be restructured and sent to the university for approval
- University extends all necessary support to the college regarding promotion of autonomy

6.11 Activities and support from the Alumni Association

- Four alumnae executive meetings were organized.
- On 26th January 2017 ‘Alumnae Meet’ was conducted and alumnae news letter- Domus Josfite released.
- Dr.Sujitha Sekharan was given the as the best alumnae Award of the year
- An ever rolling trophy was instituted by alumnae to the department that has the highest percentage of attendance on the Alumnae Day.
- An official send off was given to the four retiring members Dr.Jancy Davy, Ms.Lilly T I, Sr. Anjali Thekkan and Sr. Lisieux Joseph.
- An official send off was given to PG students.
- The college has a strong association of a large number of alumnae scattered all over the world and they have been providing a variety of services to their alma mater ever since they left it. The alumnae members offer student support ranging from donations to networking.
- The college Alumnae Association has instituted a number of scholarship programmes, awards and endowments for incoming students.

Some of the other contributions of the alumnae are listed below:

Career Networking: The present students get a jump-start on job-hunting by contacting alumnae around the world.

Contact with the Alumnae: Alumnae Association helps alumnae stay tuned in to the happenings at the college, through alumnae newsletter ‘**Domus Josephite**’ and annual gatherings. **January 26th** has been declared as **Alumnae Day**, which brings the alumnae to the campus every year. The College website provides separate domain for Alumnae with provisions for personal mail and access for each student.

6.12 Activities and support from the Parent – Teacher Association

- The PTWA, a strong and approachable group of elected members involve themselves in all the activities and developmental projects of the institution.
- The PTWA is headed by Dr.S.Sreekumar as President, Mr. P B Sathyan & Ms. Suja Sajeev Kumar as Vice Presidents.
- Welcome gathering and a motivational talk was arranged for first UG students and parents.
- Department wise PTA meeting was held.
- The fund collected by the PTWA is used for the welfare of the students.
- The Executive Committee meeting is held on special occasions.
- Reception is given to the student and faculty achievers & retirees.

6.13 Development programmes for support staff

As employees of this college, both the teaching and non-teaching employees enjoy the following benefits.

- They are encouraged to attend qualitative professional development programs and inspired to make continual professional improvement.
- Their participation in seminar, workshops etc. is promoted
- Guidance of faculty veterans is provided to the new recruits for initiation into the college culture and improvement of their teaching skills
- 30-hour professional development training is made compulsory for all administrative staff
- Support staff are encouraged to develop their IT Skills
- They are provided an inspiring work environment, and recognition on special achievements
- Continuing professional development is effected through collection of student feedback, peer and management feedback, personal meetings with the HODs and the Principal etc.
- Interactive motivational talks enable them to develop their professional competence

6.14 Initiatives taken by the institution to make the campus eco-friendly

Initiatives are taken by the institution to make the campus eco-friendly. The Nature Club & Biodiversity Club of the College co-ordinate the eco-friendly drives; A proposal has been forwarded to the MHRD for 'Development of Solar City'

Initiatives taken by the College to make the Campus Eco-Friendly are as follows:

a) Energy Conservation:

The College is fast switching over to the use of alternative energy resources to minimize electricity consumption.

Solar lamps have been installed in the hostel and college campus.

Existing energy consuming tube lights and fans are replaced with energy saving tubes(252), CFL(347), and fans(93), Sodium Lamp(2), Air Cooler(3), Solar Light(14) Solar UPS (1) and Metal Hileed(11). Energy consumption in the hostel is closely monitored by turning off power during day time.

b) Use of Renewable Energy: Two biogas plants are installed and biogas is used for cooking purposes in the hostel and staff quarters.

c) Water Harvesting: To minimize water shortage, an elaborate Rainwater Harvesting System has been set up. The water thus collected and conserved is put to maximum use and utilized for daily routine purposes (except for drinking).

d) Check Dam Construction:

- NSS volunteers have been active participants in a voluntary check dam construction.

e) Efforts for Carbon neutrality:

- Care is taken to restrict vehicle entry into the campus and specific parking area is allotted for faculty and students.
- Awareness programmes are conducted on special days by various departments.

f) Plantation/Greening Drives:

- We started “Greening” initiatives beyond the boundaries of our campus as early as 2005, when we planted 2500 saplings on the Munackal beach, as part of greening drive initiated by the Department of Forests. The follow up and upkeep is done by the students every year.
- Trees were planted by students along roadsides and on both sides of the road in front of the college. A garden was also set up in front of the college campus.
- There is active participation in the Save Energy campaign and the ‘Haritha Keralam’ project of Kerala Government.
- The institution has a Nature Club that functions actively in making the campus green and a manuscript called ‘Haritha’ is released annually.
- Our campus is a totally de-plasticized zone. Use of Plastic bags, cups and plates are restricted in the campus and the NSS volunteers make it a point to pick and clean every bit of plastic waste from the campus.
- The Departments actively participate in green campaigns and has taken the initiative to teach students how to make paper bags and files.
- The Discipline Committee and its student leaders ensure that the class rooms and campus are kept clean and plastic free.
- Special drainages are provided to dispose of chemical waste from the labs.
- Priority is given to the use of organic manure on the campus.
- One of the healthy practices of the institution is ‘Green Campus- Clean Campus’ initiative. The entire campus is divided into different zones and entrusted to various departments under the supervision of CSS committee.

g) Hazardous Waste Management and e-Waste Management:

- This institution has a desirable acreage of land and this enables us to dispose the waste materials without much harm to the nearby people.
- e-waste is disposed through outside agencies.
- Students were conscientised on the necessity of effective waste management through invited talks and seminars organized by the departments of Zoology, Biotechnology and Botany.
- Various environment related activities, seminars, invited talks, and programmes were initiated by NSS as well as all the departments of the college.

Criterion – VII

7. Innovations and Best Practices

7.1 & 7.2 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution and the action taken report are as follows:

- a. Walk With a Scholar (WWS) and Scholar Support Programme (SSP), State Govt. And Collegiate Directorate initiatives introduced
- b. Anti – Narcotics club, in collaboration with the Excise Dept introduced
- c. Community – oriented Extension Programmes undertaken with passion
- d. Research atmosphere Culture in the Campus nourished by the visits of eminent scientists academicians and artists
- e. Quality enhancement initiatives undertaken in view of the grant of autonomy
- f. Various initiatives undertaken to promote awareness on environmental issues and to spread the message of greening and cleaning
- g. Conduct of the innovative Higher Focus Courses of 275 hrs. duration for the holistic development of the students
- h. ASAP, Skill Acquisition Programme of the Dept. of Higher Education & the Govt. Of Kerala ongoing
- i. Introduction of a 6th period, after the regular 5-period class for the conduct of programmes for student enrichment
- j. Women Club is actively functional for gender awareness
- k. DARSANA, the state –Govt-approved, registered counselling centre with professional counsellors for the benefit of the students & the public.
- l. Adventure Park started for healthy recreation of students

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

Even though the college has quite a number of healthy practices, two of them ‘**Green Campus - Clean Campus**’ and ‘**Faculty @ Students’ Homes**’ deserve special mention.

Best Practice I

1. **Title of the Practice: ‘Green Campus – Clean Campus’**
2. **Goal:**
 - To train students to become protectors of Nature and to make a difference to the endangered Planet Earth
 - To promote awareness on environmental issues
 - To spread the message of greening and cleanliness

Action Taken:

- Trees have been planted both within the campus and outside. Plants and shrubs, of the flowering, vegetable and medicinal variety, are visible in the campus.
- Saplings have been distributed to the students and nearby houses, in collaboration with the Departments of Forests and Agriculture.
- Students are encouraged to be active members of the Nature Club.
- The various departments of the Institution have been allotted specific spaces on the campus to maintain greenness and cleanliness. (Diagram of the spaces allotted is attached).
- Care is taken to keep the campus, pollution and plastic free.
- There is restricted vehicle entry during working hours and a separate parking lot.
- There are dustbins in strategic places with a system of effective waste disposal.
- Students are encouraged to keep their classrooms and common spaces clean. There is a Cleaning Day for the campus spearheaded by the NSS and CSS units and a special prize instituted for the 'Best Class Room'.

Best Practice II**1. Title of the Practice: Faculty @ Students' Homes****2. Goal:**

- To effect holistic development of students
- To facilitate closer bonds between faculty, students and their families
- To prepare young women to be architects of ideal families
- To contribute to the building up of a good society/nation

Action Taken:

Teachers visit all their students at their homes at least once in the time span of their academic studies in the college (UG- 3 years, PG-2 years). About one-third of the houses are visited per year by the faculty.

7.4 Contribution to environmental awareness / protection**Environment Consciousness**

St.Joseph's College is situated in the heart of Irinjalakuda, a bustling small, semi-urban town in Kerala. A tranquil world in itself, our campus stands unique with its lush green expanse, paved pathways, colorful plants, gigantic trees, gentle breeze and a serene, soothing environment. Our strategic plans for development have always been driven by a love of nature and sustainability of important resources like energy and water as well as by adopting practices such as waste reduction, recycling and energy conservation.

Conduct of Green Audit by the Institution

The institution is very conscious of its responsibilities to the environment and conducts a Green Audit of its campus and facilities. The institution maintains a checklist of the following in connection with Green Audit:

- Facility information such as number of users and functions
- Feedback mechanism from facility users
- Collection service record for waste materials
- Consumption of electricity and Solar energy in the campus
- Usage of the Rain Water Harvesting System
- Eco friendly practices
- Green Campaigns
- Integration of sustainability principles and practices into curriculum through awareness Programmes and Environmental Studies

Initiatives taken by the College to make the Campus eco-friendly include

- a) Energy Conservation
- b) Use of Renewable Energy
- c) Water Harvesting
- d) Check Dam Construction
- e) Efforts for Carbon neutrality
- f) Plantation/Greening Drives
- g) Hazardous Waste Management and e-Waste Management

Major activities of the year include the following

- The Biodiversity club managed by the Department of Zoology does an audit of biodiversity inside and out of the Campus.
- The Club inaugurated 'Bird Friendly Campus' and 'Oruveedinu oru Kaadu' (One forest for one house) program this year
- Environment Protection Month celebrated with the support of KSCSTE and organized various competitions including Poster making, Elocution, Power point presentation and Quiz
- Inaugurated lecture series and conducted invited talk on 'Go Wild for Life'
- Planted an endangered tree sapling in connection with Environment Day
- Students planted Neem tree saplings in the campus with the title 'Nammude oxygen bankilekk'
- Tree of the year 'Gooseberry' distributed and planted in the campus.
- Tree saplings collected from K.F.R. I distributed to the staff and students of our college
- Students manured and put nameboard on the trees planted during last year for Environment Day celebrations.
- Delivered a talk on 'Healthy Practices for Healthy Living' to the Science students
- The Environment Protection Month celebrations concluded with an invited talk

- Inaugurated the Celebration of International Year of Pulses - 2016
- Conducted an invited lecture and seeds and seedlings distributed.
- An intercollegiate Quiz competition was conducted
- A flashmob conducted to convey the importance of pulses
- Invited lecture and interaction on cancer.
- Organised Karkidaka Masacharanam.
- Conducted 'Scienza' life science Quiz
- 'Prakriti Samrakshana Sandesa Rally' in connection with International Environment Day
- 'A Tree for Every Home' Project in association with Kerala Forest & Wild Life Department
- "Pathayora Thanal Mara Samrakshana Program" (for the protection of Trees on road sides)
- Promotion of Organic Farming Campaign
- Green Commerce activities
- Haritha Keralam Celebration
- NSS activities (Ithirivettam , Snehasparsam, Plantain for the village, Organic farming, Anti-Plastic Campus)
- Nature & Biodiversity Clubs

7.5 Whether environmental audit was conducted? Yes ☒ No ☐

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

The institutional strengths, weaknesses, opportunities and challenges are as follows:

Strengths

- Centre with Potential for Excellence
- Autonomous status
- The reputation gained through 53 yrs of academically enriching , research –oriented, socially relevant, value based holistic educare.
- Steady rise in performance and rating

- Award winning ‘We for Women Club’ and NSS units
- Various awards for the college and for the Faculty & Students
- Outstanding performance in Games items like Volleyball (University Champions for the 34th year in succession), Football (won the Calicut University inter zone championship for the fourth consecutive year), Basketball, Kho-Kho
- Wellness & Fitness Centres functioning under the Physical Education Department
- Healthy Teacher – Student relationship

Weaknesses

- ❖ Fully fledged interdisciplinary programs yet to begin
- ❖ Inadequate collaborative research, MOUS and linkages
- ❖ Inadequate entrepreneurship ventures by students
- ❖ Semi –urban locality, students from poor and less educated backgrounds with insufficient drive for higher education and career development
- ❖ Lack of experienced faculty, since more and more seniors are retiring

Opportunities

- ❖ Academic flexibility due to the grant of autonomy
- ❖ Strengthening of the aided programmes due to the award of CPE
- ❖ Consultancy to be developed into more income generating source
- ❖ Set up more research centres by elevating departments with PG programs
- ❖ More evening schedules to be opened to utilize the infrastructure facilities and expertise

Challenges

- ❖ Paucity of funds for infrastructural and developmental requirements
- ❖ Official red-tape slowing down implementation of decisions taken
- ❖ Delay in the appointment of regular faculty leading to larger number of adhoc faculty
- ❖ Complete conversion into solar energy
- ❖ Availing students from other states and countries for enhanced diversity
- ❖ Integration of the fresh faculty into the culture and heritage of the institution

- ❖ Fulfilling the requirements of Autonomy & CPE
- ❖ Increasing running cost and reduction in budget allocation by the government

8. Plans of the Institution for next year

- Qualify as a Star College
- Regular curricular restructuring
- More training programs, linkages , collaborations and MOUs with other institutions
- Student intake from other States & other countries
- Launching MOOC
- Other future projections comprise the upgradation of the already active women cell into a Centre of Women Studies, further development of the e-library and virtual library to augment ICT enabled teaching and learning, starting an advanced research lab, seeking and availing increased assistance for workshops, conferences and seminars – national and international, and signing MOUs with universities and institutes of repute.
- More Research Departments
- More Faculty & Student Exchange Programms
- E-content to be developed in all depts. as a reservoir of learning materials
- Development of Blogs and other networking sites for transfer of knowledge
- Augmentation of income –generating consultancy practices
- Completion of the Research Block
- National / International Seminar of interdisciplinary nature
- More projects of societal benefit
- All classes into smart classes
- Setting up a crèche for the care of the children of the faculty & Staff
- Evening classes for Vocational /Enrichment programs
- Increased placement drives leading to more placements
- Start a community college
- More facilities for students with physical challenges
- Become part of the Solar City Project of the central govt.
- Finishing college course/program for final year students
- Green Campus, Clean Campus drive to continue as ‘Learning with Nature’, Healthy Practice.
- Campus Community Connect to be introduced to co-ordinate extension, outreach programs
- Connecting through Computer program to be implemented
- Campus Campus Connect for faculty & student exchange and inter-institutional ties.

Realization of Plans Projected Last Year

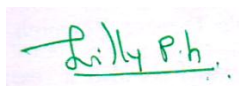

- Awarded “Centre with Potential for Excellence” status
- Granted Autonomous status by the UGC
- An Overhaul of the Curriculum initiated with the introduction of micromodules to the existing syllabi by most of the departments, due to the implementation of autonomy
- Land acquired for building a research block. Plans for the same approved. Construction started in March 2017
- E- Content developed by some departments
- Research Labs upgraded with CPE funds
- Conducted the Kerala State Government and Higher Education Council sponsored programme ASAP (Additional Skill Acquisition Programme)
- Applied for ‘ Solar City Project’ to the MHRD for the conversion of energy consumption to solar sources, and for ‘Star College’ Status
- Conducted Green Audit & Energy Audit
- ‘The Green Campus, Clean Campus’ drive continues
- A New Examination Block (Autonomous Wing) with Strong Room facilities constructed.
- IQAC room renovated
- Examination Hall constructed

Annexure – II Analysis of the Feedback

The feed back from parents is collected during the open house, PTA meeting and it shows that the teacher quality and discipline mentioned in the college is very good. Feed back is also collected from old students, well wishers and benefactors.

The pie diagram shows the employer's opinion about the product. Relation of our students with college management, customers and team work is excellent. It is also very good in planning, taking up responsibility, time keeping, executing plans etc.

The college has a mechanism for analyzing student feedback on the performance of the college. Each year students are given an opportunity to provide confidential feedback on various aspects of the college functioning such as the college, the course, the faculty, departments, canteen, non-teaching staff, teaching-learning-assessment, research, extension and special resources such as Labs, Library, ICT amenities and other facilities based on a standardized questionnaire provided.

The college maintains a self appraisal system giving weightage to multiple activities performed by faculty inside and outside the campus in various fields. The Appraisal system in this institution gives 50% weightage for student feedback. Students are asked to evaluate each and every teacher who teaches them, with the help of a printed feedback form, towards the end of each academic year. The remaining 50% weightage is distributed equally among four heads (12.5% each) namely, research activities, consultancy and extension, involvement in evaluation duty and teaching experience and qualification. Duly filled in Appraisal forms are received from all the faculty members at the end of the academic year based on their performance in the previous year (Teachers Mirror), and this is evaluated by the Management.

The suggestions for improvement are grouped into three categories:

- Those we can change immediately
- Those that must wait until the next time the course is offered
- Those that we cannot change

In all possible cases, remedy is provided, after discussions with the concerned authorities.

Annexure – III

Best Practices of the institution

Best Practice I

1. Title of the Practice: ‘Green Campus – Clean Campus’

2. Goal:

To train students to put knowledge acquired in the class room to practical application (This practice aims to enable students to imbibe higher research culture and “**lab to land**” practice whereby they can apply what they have learned to practices that can benefit the society and environment.). To train students to become protectors of Nature and to make a difference to the endangered Planet Earth. To promote awareness on environmental. To spread the message of greening and cleanliness.

3. The Context:

It is a topic of hot debate in the modern world that the Earth is in desperate need for caretakers. Global Warming, Greenhouse gases, Ozone layer depletion, Ecosystem, Environmental Studies, Earth Day etc. are commonplace terms now. Trees and plants help create the air we breathe and help keep earth at the right temperature for life. Trees can help prevent Global Warming. Awareness programmes and seminars on the protection of the environment create in students an orientation on environmental issues. This knowledge is put to practical application through the Green Campus - Clean Campus Practice. The institution is highly conscious of its environmental responsibility. The Green Campus - Clean Campus Practice orients the student community about their responsibility to the environment and makes them active participants in greening drives.

4. The Practice:

- A research culture mode is integrated into the practice of the curriculum through frequent invited talks, workshops and seminars. Experts from Government organizations and the fields of Geology, Environmental Studies and Life Sciences are invited for lectures and interactions with the students. There are a number of projects undertaken by faculty and students on ecological concerns in addition to a number of publications.
- Faculty engaged in UGC Minor Projects: A Study on the Faunal Diversity, Ecological Significance and Conservation Strategies of Sacred Groves of Thrissur District*, Principal Investigator- Dr. Sr. Anis K V, Department of Zoology Ecological Degeneration of Water Ways and Water Sources, Shanmugham Canal-A Case Study- Problem & Solution*, Principal Investigator Dr. Sr. Rose Anto, Department of Hindi
- UG Projects undertaken by Life Science students give priority to environmental issues.
- Every effort is taken to keep the campus green and clean. The institution understands the need to preserve Earth.
- Trees have been planted both within the campus and outside. Plants and shrubs, of the flowering, vegetable and medicinal variety, are visible in the campus.

- Saplings have been distributed to the students and nearby houses, in collaboration with the Departments of Forests and Agriculture (Green Earth Project 2011 of the English department).
- Students are encouraged to be active members of the Nature Club and Biodiversity Club
- The various departments of the Institution have been allotted specific spaces on the campus to maintain greenness and cleanliness. (Diagram of the spaces allotted is attached).
- Care is taken to keep the campus, pollution and plastic free.
- There is restricted vehicle entry during working hours and a separate parking lot.
- There are dustbins in strategic places with a system of effective waste disposal.
- Students are encouraged to keep their classrooms and common spaces clean. There is a Cleaning Day for the campus spearheaded by the NSS and CSS units and a special prize instituted for the Best Class Room’.
- Green Audit was conducted by external and internal agencies.

5. Evidence of Success:

The evidence of the success of the practice is the green and clean campus itself. The giant trees near Arcadia and the basket ball court, the manicured lawns and hedges, the flowers, vegetables, botanical and medicinal gardens, the pollution free campus and the trees planted on either side of the college road are all proud testimonials to how the green mission envisaged by the Founders of the Institution continues to be preserved even today.

6. Problems Encountered and Resources Required:

- Availability of time is the main constraint in the implementation of the practice.
- The tight schedule of the semester system provides very little spare time. Students make use of weekends and special holidays.
- There is also the need for more garden and cleaning equipment.
- Additional spaces can also be allotted in the campus for greening activities.

7. Notes:

The Green Campus –Clean Campus Practice is a healthy practice that all institutions can adopt. It encourages in students a love of nature and makes them active protectors of the earth. Specific spaces should be allotted for greening. A feedback mechanism on the practice is mandatory to ensure positive results.

Best Practice II

1. Title of the Practice: Faculty @ Students’ Homes

2. Goal:

To effect holistic development of students

To facilitate closer bonds between faculty, students and their families

To prepare young women to be architects of ideal families

To contribute to the building up of a good Society/Nation

3. Context:

St. Joseph's College, Irinjalakuda is a college for women managed by St. Joseph's Educational Society of the Congregation of the Holy Family. The charism of the Congregation is Family Apostolate. The Vision and Mission statements of the Institution stress on the importance of creating ideal families through the empowerment of young women. The practice "Faculty @ Student's Homes" is based on the concept that ideal families will provide for a happy nation.

The various socio, economic and cultural contexts that the students belong to shape their academic life and progress. Many ailments that afflict society today, is the result of broken families. Family problems adversely affect the student's performance and scheme of life. Many students are helpless victims of their vicious domestic atmosphere. A drunken father, a mentally deranged mother, an ailing parent, family problems, financial constraints and health problems can shatter the hopes and aspirations of the students. It becomes impossible for them to concentrate on their studies in such an atmosphere. The family background of the student plays an important role in the academic performance of the student. House visits enable the teacher to gauge the students by understanding their home circles. The teacher can work miracles by changing the entire situation for the student by his/her intervention. This practice gives importance to the role of the teacher as mentor and counsellor, facilitates closer bonds between faculty, students and their families and positively affects the academic as well as the overall performance of the student.

4. The Practice:

Teachers are encouraged to visit all their students at their homes at least once in the time span of their academic studies in the college (UG- 3 years, PG-2 years). About one-third of the houses are visited per year by the faculty. Besides this ongoing practice, the Principal, Vice Principals and IQAC coordinator visit the houses of almost all faculty and staff on the rolls. House visits enable the teacher to assess the student individually and provide necessary remedial action be it financial assistance or professional guidance. There are two trained counselors at the Darsana Counseling Centre to which the students and their family members are directed if it is found that they need professional assistance. Houses have been built for four students and two non-teaching staff by the NSS units and the institution. Free lunch coupons are provided to needy students based on information provided by the class teacher. Financial assistance is provided to meet the expenses for the medical treatment of student/parent, purchase of study books, tour programmes etc.

5. Evidence of Success:

Feedback on this healthy practice is very positive both from the students and their parents. There is marked progress in the overall performance of the students visited at home. The students are motivated to perform better in their studies and also develop interpersonal skills. Parents feel at home with the teachers who have visited them in their home ground. They are able to communicate more freely on the problems related to their children. There is considerable reduction in the dropout and failure rates. Fathers who are drug addicts and alcoholics have been rehabilitated through professional counselling at Darsana, given membership in "Alcoholic Anonymous" and treatment at De-Addiction Centres with which the college has tie ups. The present day academic syllabus under

the semester system has created a lot of psychological stress in some students. Such students are identified and directed to the counseling centre. The strong bond that the Alumnae maintain with their alma mater and the mentors is a strong evidence of the success of the practice.

6. Problems Encountered and Resources Required:

The tight schedule of the semester system leaves little time for house visits. Teachers have to make use of spare time and holidays to complete this mission. Conveyance to far off and remote places poses problems at times. There is also difficulty encountered in visiting the homes of the hostellers and children with both parents working. Travelling expenses is another issue, which is at present sponsored mainly by the management.

7. Notes:

The Practice **Faculty @ Students' Homes** is a healthy practice that all institutions can adopt. It forges a closer relationship between the teacher and student. The teacher now steps beyond the boundaries of the classroom and staffroom and becomes part of the student's family. Academic performance is improved as a result of closer ties between the student and the teacher. A feedback mechanism on the practice, from students, parents and teachers, is mandatory to ensure positive results.
