WORLD ENVIRONMENT DAY 2023

Report of the event

Date: 05/06/2023

Time: 10:30 AM

The world environment day is celebrated every year on 5th June to raise global awareness to take positive environmental action to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. From school students and college students to community groups, companies and governments, all come together to pledge towards building a greener planet. The objective of this program was to spread awareness among people about saving our environment from various types of pollution and to plant trees to make our mother earth full of greenery.

Keeping this aim in view, The Department of Computer Science and BVoc Software Development, St.Joseph's College (Autonomous), Irinjalakuda celebrated 'World Environment Day' on 5th June 2023. Head of the department briefed about the importance of the day to students. All the students of Department of Computer Science and B.Voc Software Development was taken effort to make the day productive. There were also some groups of students who were also engaged in cleaning the college campus.
