

Report of the Student Project Supervivientes 2021

The project "Supervivientes" which means survivors was proposed and done by the students of 2nd DC English 2021. The prime focus of the project was empowerment through entrepreneurship. The project mainly consisted of four activities which were making of Certificates and Brochures for online events, selling Gooseberry juice, Cakes and cookies, Art and Crafts.

Ms. Anju Antony (Assistant Professor, Department of English and The Class Teacher) was the Principal Investigator (Faculty). The Principal Investigator (Student) of the project was Melvy Xavier. The Co-investigators are include Neha Davis, Christina Johnson, Edwina Jose, Ranjana P.H. , Hajara P.Y. , Ascin Geo, Nesmiya Fizal, Annmary Charles and Anlin Joy.

The team "Supervivientes" successfully worked together and prepared Certificates and Brochures for various college events within the given time limit. A total of 3 litres of Gooseberry juice were sold .As for Cakes and Cookies along with the other products a culmination programme was held where the team put forth 4 beautiful hampers with handmade items. This project helped the team to empower themselves by incorporating their skills into entrepreneurship and emerge as the best fighters and survivors during the pandemic time of Covid 19.
