## **Report-Paper Pen Making Workship**

Every day number of trees disappear from the face of the earth. When there are other ways of generating paper products, trees are still being used largely. It's high time now, that we stop this mean destruction, before we forget the colour green. In order to promote this green concept among students, Department of Economics St.Joseph's college Irinjalakuda (Autonomous) organized a Paper pen making workshop 'Go Green save Earth' for the students of Economics Department on 20<sup>th</sup> December 2021. The Paper pen making workshop was conducted by Mr.Krishnan, a differently abled person. The workshop was also intended to promote the disabled people and to provide a motivation for them. About 60 students were participated in the workshop. The workshop helped to develop paper pen making skill among students.
