

BIONAT 2015

International seminar on Biotechnology & Nature

The International seminar was organized on 23rd February, 2015 by the department of Biotechnology on topic 'Biotechnology and Nature'. The seminar was scheduled to be held as forenoon and afternoon session. The dignitaries were welcomed by Dr. Viji Mary Varghese, Head of the department. The chief guest of the day Prof. Trevor Platt, FRS, PML, UK was introduced by Dr. Grinson George, Senior scientist, CMFRI, Cochin. Later the programme was inaugurated by Prof. Trevor Platt and he delivered a talk on "What colour is the Ocean". This was followed by a talk delivered by Dr. Shubha Sathyendranath, PML, UK.

The afternoon session was continued with a talk delivered by Mr. Francis Joseph Pynadath, Professorial Lecturer, METS Engineering College-Mala Thrissur on topic "Spices, Herbs, Oils, Extracts and Processing". This was followed by the releasing ceremony of biotech publication 'Bio explore'. After that, the programme was concluded with proposing vote of thanks. A total of 100 participants were there in the seminar.
