## Annual Report (2016-2017)

### Commemoration of Days of Importance

St. Josephs College(autonomous), Irinjalakuda takes great pride in celebrating and commemorating days of importance in during an academic year. This ensures that our students outgrow into socially sensible individuals that understand the value of remembering special occasions and the impact it has created in history. Comprehending the meaning behind every celebration helps the student in developing a perspective that is hard to find in theoretical books and mere instructional classes.

The academic year of 2016-2017 began with a tribute to the famous Malayalam poet O N V Kurup with the program 'ONV Anusmaranam' rightly conducted by the Department of Malayalam for spreading the poets mesmerising and impeccable talent and appreciating thereby inspiring the poetic skills of the students in their mother tongue. Apart from such scholastic activities, the college has been successful in catering to the mental and physical well-being of the students by commemorating the 'International Yoga Day' studiously conducted by the Physical Education Department and NCC unit of the college. The most unique celebration of the academic year was a week-long celebration of the Department of Economics in observing the 'Poverty Week' from 14<sup>th</sup> October to 21<sup>st</sup> October 2016.

The college has been capable of instilling national as well as universal values among its students through the conduct of several common festivities without making any religious, territorial or linguistic exceptions. These days have undoubtedly increased social awareness and introduced the students to the basic human values. The list of the days commemorated during the academic year is hereby displayed for reference:
