## Annual Report (2017-2018)

### Commemoration of Days of Importance

The mission and vision of St. Josephs College (Autonomous), Irinjalakuda pledges on delivering holistic education to all its students making them capable of the globalised e-world. In order to attain this goal of holistic education, it reckons the prominence of including commemoration of important days of celebration into their academic schedule. In addition to the common celebration of festivals like Christmas and Onam that leave no space for religious or linguistic disparity, the college has endeavoured in celebration of academically prominent days that aid in imprinting and relating activities to the learned concepts. The NSS unit of the college gave a fresh start to this academic year by sensitising the students of the urgency in protecting the environment by celebrating the 'World Environment Day' on June 8<sup>th</sup>, 2017. This was followed by the week-long observance of the 'Reading Week' from 12<sup>th</sup> June to 19<sup>th</sup> June 2017 by the Department of Malayalam where the students were inspired with the wonders of reading. One of the most unique events of the year was the two-day bird watching program organised by the Department of Zoology for commemorating the Birdman of India-Dr. Salim Ali on 11<sup>th</sup> and 12<sup>th</sup> of November 2017. The students had the opportunity to visit the Muriyad Wetlands to directly involve in the process of bird watching in connection to this event and this recorded extremely good responses from the students. The NCC unit brought great pride to the college by volunteering in the Asia's Largest Youth Festival held during the academic year in the cultural city of Thrissur during 6<sup>th</sup> to 10<sup>th</sup> January 2018 where their services could be utilised for the betterment of the community. They also came up with an attractive scheme during the commemoration of the 'Road Safety Day' for the sensitising students with the traffic rules by rewarding the students with 1 Litre of petrol for obeying the traffic rules. On the whole, the academic year was filled with colourful activities and events that has helped the students in their overall growth and development thereby aiding in the attainment of the stated mission and vision of the college.
