## ANNUAL REPORT ON COMMEMORATION OF IMPORTANT DAYS OF THE ACADEMIC YEAR (2020-2021)

The academic year of 2020-2021 outshone the previous years with numerous academically relevant and other extra-curricular activities that included commemoration of important days and festivals. Apart from the regular activities, that included the commemoration of the Environment Day and the Yoga Day that was fervently celebrated by the NCC units and Physical Education Department respectively, the college indulged in the celebration of relations through the commemoration of days like Father's Day, Women's Day, Grandparent's Day Etc. This was made possible since most of the programs were conducted in virtual mode due to the constrictions of the Covid-19 lockdown. The important personalities of national, international and academical relevance were commemorated online with huge participation of students actively engaging in online competitions and PPT slides presentations. The academic year also witnessed a friendly match between the physical education students and the male faculty of the college as part of the International Women's Day Celebrations held on March 8<sup>th</sup> 2020. Week long celebrations were held by the Department of Biotechnology for celebrating the 'World Brain Awareness Week' from 14-03-2021 to 21-03-2021. This marked the successful ending of the year long activities that supported student participation and inculcation of human and universal values.

Date	Title of the programme/Activity	Organised Department
