

STUDENT
FEEDBACK 2020
DESIGN & REVIEW OF SYLLABUS

St. Joseph's College
(Autonomous)
Irinjalakuda

INTRODUCTION

Being one of the best women's college in Kerala with an aim of women empowerment, St Joseph's College Irinjalakuda, has always committed to impart quality education throughout the years of its excellence. This pioneering institution in the field of higher education in Kerala, envisions the critical growth of its students to help them excel in the competitive transformations for their overall developments. The college is always concerned to maintain an up-to-date syllabus to offer a vibrant learning environment for internal and external sustainability of our students.

The syllabus today lays out a great beginning for the students appreciating their roles and responsibilities through constant review process and feedback. Thus, the syllabus is well refined to ensure the quality of the student for a fine erected base for future conflicts and fluctuations. The syllabus is learner-centered with measurable objectives through proper feedback and assessments. Our syllabus is grounded on skills and systems conceptualising the content to assess the needs of contemporary society. Our educational system reflects our student's realistic needs with a blend of prescriptive-prefabricated syllabus to assure learning engagements.

As a regulatory process, St. Joseph's College constantly reviews its ways and means of achieving unbeatable quality in its educational endeavours. A systematized feedback mechanism is one of its means to keep its educational standards up to the expectations of its stakeholders. This ensures that the college is never astray in its goal oriented missions. Our stakeholders comprise of the students, teachers, alumna and the prospective employers. Structured feedback on design and review of syllabus was collected from stakeholders. Feedback form consist of statements to measure the agreement/disagreement in a five-point scale against grade points of 0 to 4. Statistical analysis was done, and the results are expressed as percentages. Their suggestions and ratings help us to comprehend our position in the ladder of progression and direct our efforts in accomplishing our combined goals. The analyzed feedback reports are duly forwarded to the concerned authoritative bodies for further action and implementations. Responsible committees and individuals are prearranged to ensure the realization of the implemented actions. The cycle of checks continues without fail to keep the level of advancements high.

STUDENT FEEDBACK REPORT

An effective feedback mechanism is significant to reflect the progress of an institution. Our college has formulated an efficient system to collect the opinions for an instigative approach. Students are the utmost priority and lay the foundation of our institution. We are vigilant and attentive to hear out their suggestions that could create a better learning environment thereby leading to a holistic education. Feedbacks relating to different fields of their education – Curricular and Co-Curricular - were collected through an intricately designed template.

Feedback received is the major criteria for evaluating the existing curriculum pattern designed. The satisfaction of students is given prime importance while assessing the syllabus. 84.1 % of the students expressed their approval with the existing syllabus due to its relevance and recent modifications.

Syllabus is relevant and up to date

A curriculum is framed in a way to obtain the primary objective which is to secure the employment the students seek. Almost 80 percent of students agree that the course curriculum is relevant to their job sector and future aspirations. The students (78%) commend on the course curriculum by stating that the curriculum taught meets their expectations, enabling them to confidently move towards their aspiring careers. They also agree that the designed curriculum would help them emerge as better people by building their personalities.

Course curriculum is relevant to their job sector and future aspirations

Curriculum Meets their Expectations

The college ensures transparency and accuracy to all the students while delivering their respective objectives. Almost 75% of students approves the same by stating that the curriculum evaluation system of the institution is unbiased and fair. Feedback system of the institution is a yardstick to refer and analyze the points for improvement. The received feedback is thoroughly analyzed before the formulation of any significant decision. We value each and every student and their opinions. The reflection of this aspect is visible in the received feedback as a majority of students' state that their suggestions of improvement on curriculum and syllabus are taken for consideration. We tend to improve this percent by devising efficient methods that could record quality suggestions timely. It is truly satisfying to understand that the students are appreciative about the curriculum in practice.

Effective Evaluation

The college library houses quality contents that are beneficial for the students in advancing in their academic realm. Around 80.2% agrees that the college library has learning resources that are adequate and appropriate to support the curriculum.

College Library Support the Curriculum

No system is accurate and consistent analysis is required with quality suggestion for further developments. The feedback provides an open space for the students to comment on the areas of improvement in the curricular and co-curricular activities. Suggestions will be analyzed and discussed by the concerned authorities in the faculty meeting for further resolutions. We appreciate the efforts put in elevating our grounds of standards for the continuous reassessments and contributions which is vital in building a holistic space for raising exceptional talents, skills and personalities to a world of opportunities.
